FOREWARD

This calendar is essentially divided into two sections. The first section presents summary information for the 1984 collective agreement expirations in written, tabular and graphical form. The second section is a listing of expirations by month showing the employer name, location, union and local, industry, expiry date and size of bargaining unit. In addition, a short section on abbreviations is included to better facilitate use of the calendar.

SECTION 1:

SUMMARY INFORMATION

1984 COLLECTIVE AGREEMENT EXPIRATIONS

SUMMARY

This Calendar of Expiring Collective Collective Agreements lists collective bargaining agreements that will expire in 1984. The intent of the calendar is to list as many expirations as possible regardless of size. However, because many agreements that expired in the latter part of 1983 have not as yet been re-negotiated, it is not possible to include information on them. For this reason, an addenda to this calendar will be issued in July, 1984.

Based upon the present information, there are 411 collective agreements expiring in 1984 in Manitoba which fall under the provisions of The Labour Relations Act. A total of 47,252 employees are affected. Of this total, 44,633 employees are covered by collective agreements which are not considered confidential. The thirty-one agreements which are considered confidential under Section 63(2) of The Labour Relations Act represent a total of 2,619 employees.

The month showing the greatest number of expirations is April with 149. December shows the second largest number of expirations with 119.

The greatest number of expirations fall into the service industry (223) with manufacturing next at 74 and construction third with 59 expirations.

Three hundred and forty-one of those agreements expiring in 1984 affect 100 persons or less. This represents 83 percent of the total expirations known at this time.

It is significant to note that, although they are not recorded in either the Calendar or Addenda, an additional 56 collectiva bargaining situations exist which fall under the provisions of The Public Schools Act. Of these fifty-six teacher-school board collective agreements, 18 expired in December 1983 but are currently being re-negotiated. A total of approximately 4,500 individuals are affected. The remaining 38 are teacher-school board agreements which expire in December 1984 and affect approximately 6,900 individuals.
